

# Scientific Program

## Thursday, March 25

16.00-17.00

### Opening Ceremony Movie [Colors of Sinai]

17.00-17.30

**State of art:** Functional Anatomy of Pelvic Floor  
**Ahmed Shafik** (Egypt)  
Chairmen: **John Christiansen**

17.30-18.45

**Session – 1: Pelvic Floor Dysfunction**  
Chairmen: **John Christiansen**  
Moderator: **Jacques Beco**

- Consequences of perineological problems in childhood **Els Bakker**  
(Belgium, Physiotherapy)
- Role of urethrolysis in voiding dysfunction **Mauro Cervigni**  
(Italy, Gynecology)
- Surgical treatment of hyperactive bladder **Ismail Khalaf**  
(Egypt, Urology)
- Obstructed defecation: beware of the Iceberg Syndrome **Mario Pescatori**  
(Italy, Surgery)
- IBS and pelvic floor: Causes and effect **Essam Moussa**  
(Egypt, Surgery)

18.45-19.15

### Coffee break

19.15-20.15

**Symposium-1: INVESTIGATIONS IN PELVIC FLOOR DYSFUNCTION**  
Chairmen: **Ismail Khalaf**  
Moderator: **Tomas Skricka**

- Functional cine MRI of the pelvic floor: a review of the situation **Andreas Lienemann**  
(Germany, Radiology)
- 3 D anatomy of the pelvic floor: another vision of the functional anatomy. **Thomas Mouchel**  
(France, Gynecology)
- Digital defecography versus conventional defecography **Yehia A. Ali,**  
(Egypt, Radiology)
- Measurement of pelvic floor dysfunction **Mohsen El Sayyad**  
(Egypt, Physiotherapy)

## Friday, March 26

- 9.00– 9.30      **State of art:**                      Organization of a day surgery office for proctological patients: personal experience with over 3000 cases  
**Pavle Kosorok** (Slovenia, Surgery)
- Chairmen:                      **Mario Pescatori**
- 9.30-10.45      **Session –2:**                      **PELVIC ORGAN PROLAPSE**
- Chairmen:                      **Pavle Kosorok**  
Moderator:                      **Ezio Ganio**
- Prevention of complications in the surgical management of rectal prolapse                      **Mario Pescatori**  
(Italy, Surgery)
  - What is the right place of prosthetic material in the treatment of genital prolapses?                      **Jack Mouchel**  
(France, Gynecology)
  - Pelvic floor reconstruction after Zacharin-Marti                      **Tomas Skricka**  
(Czech, Surgery)
  - Controversies in the management of anorectal problems                      **Mohamed El Shoubaky**  
(Egypt, Surgery)
  - Reinterventions after failed or complicated stapled hemorrhoido-pexy                      **Antonio Amato**  
(Italy, Surgery)
- 10.45–11.15      **Coffee break**
- 11.15– 12.30      **Session –3:**                      **PELVIC FLOOR INCONTINENCE**
- Chairmen:                      **Jack Mouchel**  
Moderator:                      **Ahlam El Said**
- Effect of sacral neuromodulation on urinary and ano-rectal functional troubles.                      **Karel Everaert**  
(Belgium, Urology)
  - Anal sphincter bulking agents for fecal incontinence.                      **Ezio Ganio** (Italy, Surgery)
  - The role of artificial sphincter (and/or gluteoplasty) in the management of fecal incontinence.                      **JM Devesa** (Spain, Surgery)
  - Puborectoplasty enhances graciloplasty for the treatment of                      **Ali A. Shafik**  
(Egypt, Surgery)

- fecal incontinence.
- TVT as a management of stress incontinence

**Ahlam El Said**  
(Egypt, Gynecology)

16.00–17.15 **Symposium – 2: PELVIC MALIGNANCY**

Chairmen: **M Fuzun**  
Moderator: **Mohamed El-Shoubaky**

- Anorectal function after sphincter-saving surgery for rectal cancer
- Surgical approach to recurrent rectal cancer
- Rectal mobilization in the treatment of low cancer rectum
- Management of lower GI obstruction in malignancy
- Ileal reservoir anal anastomosis: A simplified technique for pouch construction using myectomy.

**John Christiansen**  
(Denmark, Surgery)  
**M. Fuzun** (Turkey, Surgery)  
**Olfat El Sibai**  
(Egypt, Surgery)  
**Abd Aziz Talaab**  
(Egypt, Surgery)  
**Ismail A. Shafik**  
(Egypt, Surgery)

17.15–18.05 **FREE COMMUNICATIONS – 1**

Chairmen: **J. M. Devesa**  
Moderator: **Antonio Amato**

- Dynamic MRI in female pelvic floor dysfunction
- Gene-protein in pediatric malignancy with special reference to pelvic tumors
- A rare condition in Turkey, a small patient group and good results
- Sphincter-saving fistulectomy in high transsphincteric fistula-in-ano: Two cases report
- Prospective multivariate evaluation of factors involved in incontinence after radical prostatectomy

**Rania Farouk**  
(Egypt, Radiology)  
**M. Khalil Abd Khalek**  
(Egypt, Pediatrics)  
**Necmettin Skücü**  
(Turkey, Surgery)  
**S. Bracchitta**  
(Italy, Surgery)  
**Y. Castilley**  
(Belgium, Urology)

19.00

**Gala Dinner [Bedouin Night]**

## Saturday, March 27

9.00 – 9.30 **State of art** Levatorplasty according to Shafik:  
a basic procedure in perineology  
**Jacques Beco**, (Belgium, Gynecology)  
Chairman: **Mauro Cervigni**

9.30 – 11.30 **Session –4: CHRONIC PELVIC PAIN**  
Chairmen: **Samir el-Sahwi**  
Moderator: **Els Bakker**

- Anatomy of the pudendal nerve: facts and controversies **Jacques Beco**  
(Belgium, Gynecology)
- Sacral neuromodulation in chronic pelvic pain. **Ezio Ganio**  
(Italy, Surgery)
- New approach for treatment of pudendal nerve entrapment: 406 cases and 171 decompressions **Eric Bautrant**  
(France, Gynecology)
- Laparoscopic management of chronic pelvic pain **Samir El-Sahwi**  
(Egypt, Gynecology)
- Pudendal neuralgia: nerve compression or radiculopathy? **Eric de Bisshop Eric**  
(France, Electrophysiology)
- Effect of coccyx manipulation on coccygodynia, urinary and ano-rectal functional troubles. **Georges Nélisten**  
(Belgium, Osteopathy)
- Chronic pelvic pain and interstitial cystitis **Mauro Cervigni**  
(Italy, Gynecology)
- Physiotherapeutic modalities for pelvic floor dysfunction **Gamil El Hanak**  
(Egypt, Physiotherapy)

11.30-12.00 **Coffee Break**

12.00-13.15 **Symposium – 3: PELVIC FLOOR AND SEXUAL DYSFUNCTION**

Chairmen: **Eric Bautrant**  
Moderator: **Gamil El Hanak**

- Pelvic floor and sexual dysfunction **Ahmed Shafik**  
(Egypt, Surgery)
- Pudendal nerve decompression in erectile dysfunction **Olfat El Sibai**  
(Egypt, Surgery)
- Treatment of vestibulodynia and dyspareunia with biofeedback of pelvic floor musculature **Adly Sabbour**  
(Egypt, Physiotherapy)

13.15–14.15

**FREE COMMUNICATIONS – 2**

Chairmen: **Karel Everaert**

Moderator: **S. Bracchitta**

- Transobturator approach in the treatment of female stress incontinence
- Prostheses by the vaginal route in the surgical treatment of cystocele and rectocele : new concept with the swing system and prevention of prostheses rejection
- Long term results of tension free vaginal tap [TVT] procedure for treatment of female stress incontinence
- Menopause voiding troubles

**Khalid Lotfy**  
(Egypt, Urology)

**Eric Bautrant**  
(France, Gynecology)

**Mohamed El Said**  
(Egypt, Gynecology)

**Abd El Karem El Gamaly** (Egypt,  
Gynecology)
